

President, M.I. Office Inc.
Communications Coordinator/Event Producer
Mariko Iwaguchi

After working as a marketing staff at NEC, she stayed in the United States.

After returning to Japan, she has more than 20 years of experience in marketing and event planning and management such as exhibitions, international conferences, and seminars as a staff member of SEMI (Semiconductor International Industry Association). As Exhibition and Program Director of SEMI Japan, she was responsible for the project management and operations of SEMICON Japan.

In 2018, she established her own office "Mariko Iwaguchi Office" and is involved in event produce, marketing and coordination. She especially works on many projects at events that connect Japan and overseas.

From 2020, she will also serve as the representative of the Nürnberg Messe in Japan.
Incorporated in May 2023 and renamed to "M.I. Office Inc."
